RIAD Congress - 7 & 8 November 2019

Congress theme

RIAD, the International Association of Legal Protection Insurance, is organising a high-level congress about Collective Redress/Class Action and its importance for our industry and partners on 7-8 November 2019 in Berlin, Germany.

The event will feature renowned experts from around the globe and will scrutinise this topical subject from the regulatory, practical, organisational and financial perspectives. Our top-level speaker line-up is set to include academics, lawyers, innovators, litigation funders, politicians and many others, attracting a high number of RIAD members, lawyers, brokers, academics, ministries, students and consumers from different sectors and various countries.

At the time of the Congress, the European Union will – most likely – have a new legislation on Collective Redress/Class Action, which Member States will have to transpose into national law and users will have to adapt to. We want to learn and discover how Collective Redress/Class Action functions in other jurisdictions with the programme filled with information that is most relevant to our community. As always, the RIAD Congress is also the opportunity to discover the latest developments in legal protection and to network with the leaders of the sector.

It is also a great pleasure and honour to invite delegates for a celebration of the 50th anniversary of our Association: for half a century, RIAD has been advocating affordable, high-quality and uncomplicated access to justice!
